

# 5 Most Common Myths about College Admissions

Doing poorly in advanced classes. Participating in 15 extracurricular activities. Sending in extra letters of recommendation. These are all myths about the college application process that have persisted over the years. However, don't always believe what you hear. In this webinar you will learn:

- How important are extracurricular activities in college admissions
- Whether applying to undersubscribe majors will increase the likelihood of acceptance
- If universities can only take a certain number of students from each high school
